

POST-VISIT REFLECTION

Her Place: Women in the West

ONCE YOU HAVE LOOKED THROUGH THE EXHIBIT, FIND A PLACE TO SIT AND ANSWER THESE QUESTIONS:

1: Choose a woman from the exhibition. What are three pieces of critical information that you have learned about her today?

2: In general, why do you think that women haven't been recognised and valued for their contributions to the world?

3: In what ways do you think women have shaped and changed the world?

4: If you curated your own exhibition which women would you feature?

5: What information surprised you the most today? Why?

6: Each woman in the exhibition has a valuable message to share with the community. For each woman, write down in one sentence what you think that valuable message is.

7: At the conclusion of the exhibition select five words to summarise your experience. Explain why you chose those five words.
