

A message to our Supporters, Friends of Her Place and our followers.

In line with the Victorian State Government and Chief Medical Officer advice, Her Place Women's Museum is closed to the public from 16th March 2020, and along with all of Melbourne Cultural institutions there will be no volunteers working from Clarendon Terrace consistent with measures being implemented by other museums.

We have taken these steps as a public health precaution in support of measures to contain COVID-19, especially for those in our community who are most vulnerable.

We do not know when we will reopen and due to the rapidly changing nature of the situation, we will continue to monitor advice and adapt accordingly and send updates. All public programs have been cancelled at this time and we will await advice from the Chief Medical Officer of Victoria regarding capacity for Museums and Libraries and other Cultural Institutions to reopen.
