

Dear friends, supporters, and communities,  
Now that COVID-19 restrictions have eased in Melbourne, we are getting excited at reopening HER PLACE Women's Museum Australia for our exhibition about 230 years of Australian Nursing and Midwifery. Bookings for a tour of this exhibition are now open (see HPWMA website).

To ensure you can visit us with confidence, we are implementing a range of measures so that the health and safety of you our visitors, and the community will always be our highest priority.

As a responsible museum, our COVID-SAFE processes bring together a number of new and existing well-being practices to give you peace of mind and to ensure that we are providing a safe and hygienic environment for everyone.

We have implemented the following actions to ensure you, our visitors, feel welcome, comfortable and safe when you visit us at HPWMA.

**Limiting capacity**

We are restricting the number of visitors through our advance online ticketing.

**Booking with confidence**

We are introducing an online booking system limited to 10 visitors every 20 minutes during the exhibition period.

**Contact tracing**

Names and contact details of all visitors to HPWMA are securely stored for 28 days as directed by the Victorian Government. You will need to check the HPWMA website to ensure there are no changes to opening times for the exhibition.

**Cleaning more frequently**

We have increased our daily cleaning and hygiene programs to ensure Clarendon Terrace is safe for you.

**Providing hand sanitiser**

Hand sanitiser stations have been installed in a number of locations at Clarendon Terrace.

**Staying a safe distance**

Inside Clarendon Terrace exhibition floor markers will indicate safe distances and help guide you throughout your visit.

**Offering contactless donations**

We prefer cashless transactions such as tap and go, to reduce contact.

If you have any questions on our response to this evolving situation, we encourage you to visit HPWMA website.

We continue to operate in accordance with the government's health and safety advice and are committed to playing our part in controlling the spread of COVID-19. As a community, it is imperative that we all adhere to the safety guidelines the government has put in place in light of the current Coronavirus pandemic and we encourage our visitors to consider downloading the COVID Safe app which further supports community health and safety.

We look forward to continuing to serve you safely and responsibly.

We thank you for your support and we look forward to welcoming you back to the Museum for our wonderful new exhibition UNMASKED Celebrating Nursing and Midwifery, Victoria and Beyond.
